This article delves into the various "games" that criminals engage in?from deception and manipulation to strategic alliances and risk management?highlighting the sophisticated nature of these illicit playbooks.

The Concept of "Games" in Criminal Activities

Before dissecting specific tactics, it?s essential to understand why the term "games" is apt when discussing criminal behavior. Unlike straightforward illegal acts, many criminal operations involve strategic planning, psychological manipulation, and tactical decision-making?elements commonly associated with games.
