- Standardization: Ensuring consistency across different exam sessions and cohorts.

Process of Establishing Boundaries

The process involves several stages:

- Initial Review: After the exam, examiners conduct a detailed review of candidate responses.
- Standard-Setting Meetings: Experts, including subject specialists and assessment analysts, meet to agree on grade boundaries based on the exam's difficulty and performance data.
- Statistical Moderation: Data analysis ensures boundaries are set fairly, considering the distribution of scores.
- Publication: Once finalized, boundaries are published on official CIE resources and shared with schools and educators.
